Whether you're focused on heart health, navigating menopause, managing risk factors to prevent disease, or simply seeking a more complete picture of your well-being, this one-on-one consultation offers a highly personalized approach to your health. You'll have the opportunity to address specific concerns and goals, ask questions, explore underlying issues, and receive recommendations for advanced diagnostic or lab testing to help build a comprehensive, proactive wellness plan tailored to you.

Please note: Continuous Glucose Monitoring, EKGs, pulmonary function tests, and lab work can all be discussed and considered during this consultation. A 25-minute consultation is also available for follow-up appointments and lab result discussions.

Canyon Ranch does not provide superbills, i.e., insurance claim forms. Given the primarily preventive nature of our services, it's been our experience that third-party payers, for even out-of-network services claims, do not provide reimbursement.

On your request, we will prepare an itemized receipt for your medical and/or Health & Performance services, which you can submit to your Flexible Spending Account (FSA) or use for tax purposes.

DEXA BODY COMPOSITION & BONE DENSITY EVALUATION

Two-part service | \$795

You can get a DEXA scan anywhere — but here, you get a completely different experience that turns data into direction. NATUROPATHIC MEDICINE CONSULTATION 50 minutes | \$335

Discover a natural path to lasting wellness. Naturopathic care goes beyond symptom management to prevent illness and address root causes. Through an in-depth health history and whole-body assessment, your naturopath gains a clear picture of your well-being.

By uncovering factors like food sensitivities, detoxification issues, nutritional gaps, or hormonal imbalances, your naturopath will create a personalized plan using dietary changes, lifestyle shifts, supplements, herbal medicine, homeopathy, or acupuncture. This holistic approach works alongside conventional medicine to support your body's natural ability to heal and thrive.

PERSONALIZED MEDICINE

SLEEP MEDICINE

Emerging evidence supports a link between disrupted sleep and risk of heart disease, diabetes, atrial fibrillation, ADHD, cognitive decline, and chronic pain. Treating sleep disorders may improve management of these conditions and contribute to better overall health and well-being.

If you are unable to fall asleep, or wake up too early, we recommend a sleep improvement consultation with a life management expert.

SLEEP DISORDER CONSULTATION

25 minutes | \$230

50 minutes | \$410

Sleep shouldn't be a struggle — and it doesn't have to be. If you're lying awake at night, waking up too often, or starting the day feeling anything but rested, you're not alone. In this one-on-one consultation, a physician will take the time to understand your sleep concerns, uncover possible root causes, and create a personalized path toward better rest. Whether it's stress, apnea, or something else interfering with your nights, we'll help you find answers — and solutions.

Book your consultation early during your stay to allow time for any additional testing or follow-up care you may need.

SLEEP SCREENING

Overnight with follow-up | \$750

Struggling with sleep? You're not alone. Discover what's disrupting your rest with a simple, overnight sleep screening you can do right from your resort room. No labs. No wires. Just a one-time-use, FDA-approved portable device that tracks your sleep effortlessly while you do what you already do — sleep. Using cutting-edge Peripheral Arterial Tone (PAT) technology, the device detects periods of apnea, wakefulness, and sleep states with clinical accuracy.

Please note: This service can only be booked after completing either a Sleep Consultation or a Personalized Physician Consultation.
