This is your chance for an in-depth exploration of your passions, changes you'd like to make, and new things you'd like to try.

Your Wellness Guide may make suggestions you haven't thought of, which could be the highlight of your experience. If you've chosen a focused Pathway, you'll learn about opportunities that fit your schedule and support your goal, or you can create a plan from scratch that perfectly suits you. Your Wellness Guide will arrange and schedule every detail for you. All you need to do is relax and enjoy your stay.

*Feel free to call a Wellness Guide before you arrive at 800-729-8090, or visit or contact a guide at Ext. 44338 on property.*

# PERSONALIZED MEDICINE

## INTEGRATIVE, PRECISE, PREVENTIVE

Customize your health care. A thorough evaluation and diagnostic testing help determine your medical needs and risks. Canyon Ranch physicians have expertise in leading-edge, quickly evolving lab tests and diagnostic screenings that can provide an in-depth understanding of how your body is functioning well before disease processes begin. Find out about these factors and more:

- Approaching disease prevention from primary, secondary, and tertiary risk factors
- Your biomarkers and their impact on your health
- Your tendency toward inflammation
- Your body composition and bone density
- Your cardiovascular and cerebrovascular risk factors

### PERSONALIZED PHYSICIAN CONSULTATION

**25 minutes | \$230**

**50 minutes | \$410**

Whether you're focused on heart health, navigating menopause, managing risk factors to prevent disease, or simply seeking a more complete picture of your well-being, this one-on-one consultation offers a highly personalized approach to your health. You'll have the opportunity to address specific concerns and goals, ask questions, explore underlying issues, and receive recommendations for advanced diagnostic or lab testing to help build a comprehensive, proactive wellness plan tailored to you.

*Please note: Continuous Glucose Monitoring, EKGs, pulmonary function tests, and lab work can all be discussed and considered during this consultation. A 25-minute consultation is also available for follow-up appointments and lab result discussions.*

### DEXA BODY COMPOSITION & BONE DENSITY EVALUATION

**Two-part service | \$795**

You can get a DEXA scan anywhere — but here, you get a completely different experience that turns data into direction. Receive expert-reviewed, comprehensive results that break down your body fat, muscle mass, and bone density — and more importantly, what those numbers actually mean for your health.

Whether you're aiming to prevent disease, age stronger or reach new fitness goals, a performance scientist will work with you one-on-one to turn your data into a personalized, actionable plan.

**Part I (50 minutes)** — Our medical team administers the test, interprets your results and advises you about reducing your risk for disease.

**Part II (50 minutes)** — A performance scientist will use the scan data to work with you and design a personalized exercise plan.

### VASCULAR ULTRASOUND

**Two-part service | Varies**

**50 minutes/Carotid and CIMT | \$960**

**25 minute follow-up appointment with a physician | \$230**

Assess your cardiovascular and stroke risk with this non-invasive test used to evaluate the carotid artery wall thickness and blood flow in the arteries and veins located outside the heart.

Canyon Ranch does not provide superbills, i.e., insurance claim forms. Given the primarily preventive nature of our services, it's been our experience that third-party payers, for even out-of-network services claims, do not provide reimbursement.

On your request, we will prepare an itemized receipt for your medical and/or Health & Performance services, which you can submit to your Flexible Spending Account (FSA) or use for tax purposes. Please note, all Health & Performance providers have opted out of Medicare.
