

TR500M

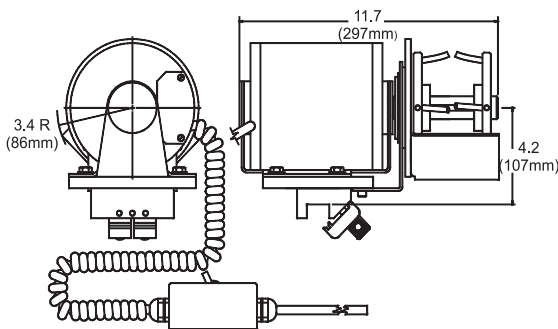

Tab Trim Removal System

Valco Melton's TR500M Tab Trim Removal System gives an extra kick to the tab trim by removing the scrap before it reaches the glue station. Even poorly die-cut tabs are cleaned.

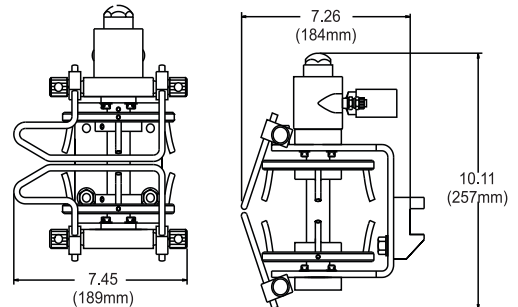

- Compact, energy-efficient electric motor (1/6 HP, 60Hz-1/4 HP 50Hz)
- Includes mounting hardware
- Clockwise or counterclockwise rotation for motor-up or motor-down installations
- Inexpensive, easily replaced yet durable poly-cord whip system for ejecting scrap trim
- Motor overload protection
- Safety shield
- Pneumatic version also available
- The TR500M is easily installed on most flexo folder-glueers
- Each assembly includes mounting hardware, safety shield, and two discs with two extra sets of poly-cord whips
