

D4-e Hand Gluing Kit

Easy to setup and operate

Our Hand Gluing Kit is the perfect solution for a variety of applications, including product assembly, woodworking, and hand packaging.

Enhanced safety features

Its intuitive design and easy-to-read display makes it easy to operate, even for first-time users.

Decrease costs and refilling time

It's compatible with a variety of adhesives, but what really sets the D4-e Hand Gluing Kit apart is its safety features. A 50-degree cooler operating temperature* ensures you aren't putting you or your operators at risk.

Worldwide support and service

**In Fahrenheit compared to industry standard handguns in a lab environment*
