

ONE VIEW

Streamline Gluing and Quality Assurance Control

OneView offers an intuitive interface, designed to simplify glue station and quality assurance control for flexo-folder-glueers. Serving as a central display for multiple MCP-4J, MCP-8, and MCP-8i units, OneView allows you to set up and control up to 48 valves and is compatible with both contact and non-contact applications.

The system's clean, easy-to-read screens and tab menus ensure seamless navigation. Compatibility with various sensors further boosts its functionality, while the familiar ClearVision gluing interface guarantees hassle-free operation.

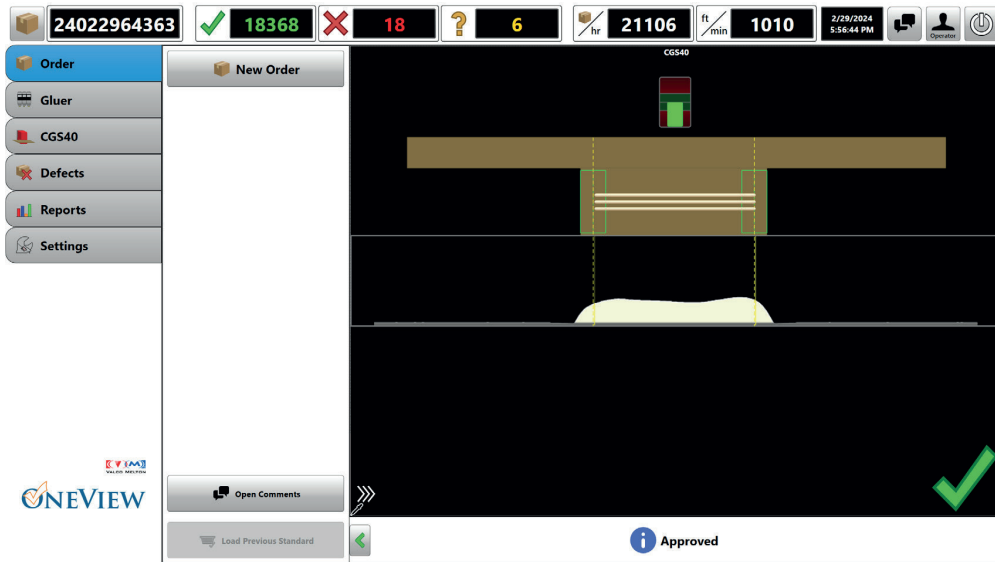

Features

- Intuitive touchscreen design enables effortless operation
- OEM communication protocols
- Simple glue station configuration
- Job storage for up to 1000 jobs
- Remote access capable to aid in troubleshooting
- Enhanced online support and service available via OneChek

Available in 10" or 22" formats, OneView raises the bar for efficiency by providing an easy-to-use, intuitive experience. Moreover, the new sensor screens offer users valuable, realistic visual representations with glue, flap length, bar-code inspection, and more while providing diagnostic capabilities for sensor signals.

SENSOR SCREEN

New sensor screens are a game changer for quality assurance. With OneView, detecting and reading quality issues has never been easier. As products pass a sensor, OneView display a graphic representation of the product on the screen. This allows you to easily see what the sensor is detecting. OneView also creates easy to read graphs that provides a quality report of any job.

Features

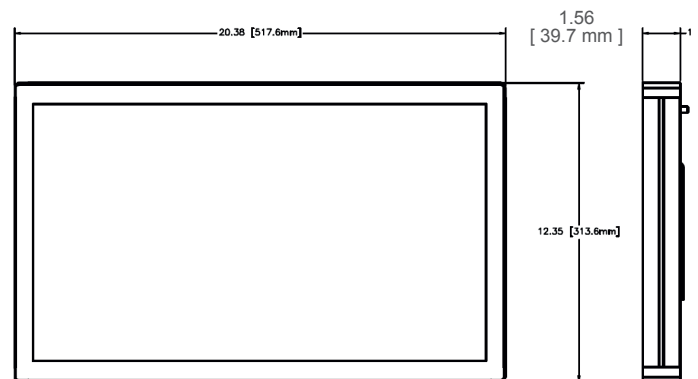

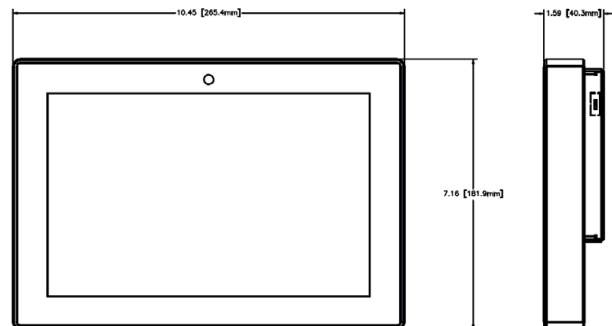

- Panel PC w/ low power fanless Intel iCore CPU
- 8 GB RAM, 64 GB SSD
- Serial communication
- 2nd 1GB Ethernet port for remote access
- Preinstalled custom software for Speciality
- Folder Gluer and Flexo-Folder-Gluer applications
- Connects to all 2nd generation MCP -8, MCP-8 i, and MCP-4J controls

10 Inch Features

- 10.1 TFT display w/ 1280 x800 resolution, 2 USB, VGA and 1 HDMI port
- PoE supply

22 Inch Features

- 21.5 TFT display w/ 1920 x 1080 resolution, 4 USB, VGA and 1 HDMI port
